Find the best AIRTEC equipment for your surface preparation task!

Long-Life-Needle-Scalers and Chisel-Hammers:
Also available in Low-Vibration-Design.

Air-Powered-Scabblers and Bushhammers:
With Tungsten Tipped heads.

Air-Stripper - BL-2/BL-3:
For removing floor coverings and tiles. Available as a solid length pole or kit with poles that screw together.

BS-6500-EL:
Powerful-Hand-Held-Grinding-Tool. Takes 7" diamond grinding cups. Adjustable Dust Hood.

JR-637-EL:
6" surface cleaner for walls, ceilings and floor application.

JR-100-EL:
4" restoration tool. For floor and wall application.

RX-2000/RX-6500:
Powerful surfacer for easy Stand-Up operation. Grinding, cleaning and removing.

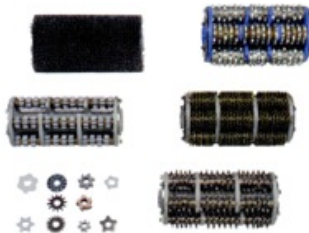

FS-1500-EL:
10" floor surfacer for light grinding and fast removing of paint, glue etc. Fine depth adjustment.

RS-165-EL:
6 1/2" lightweight floor workers for removal of adhesives, tapes and glue with fine grade cutters.

RT-2000:
High Performance line of scarifying machines. 8"-13" working capacities.

Wide selection of top quality cutters, drums, shafts and brushes.

RT-2500-DUO:
Extra-Strong double production surface miller for tough tasks.

RM-320:
Mega-Power, high performance surface miller with self-propelled hydrostatic power. Forward and reverse drive.

RR-300:
AIRTEC Concrete and Asphalt Miller for a fast removal.

ES-200:
Multi purpose surface grinder for small and medium surfaces. Tough and reliable for professional and semi-professional use.

MULTI-PURPOSE SURFACE GRINDER

- ✓ SCARIFIES – ROUGHENS
- ✓ PLANES – SMOOTHS
- ✓ REMOVES – CLEANS
- ✓ PREPARES FOR RE-COATING
- ✓ DESCALES – POLISHES

High Versatility – Easy Handling – Compact Size
DUST FREE OPERATION
POWER DRIVE OPTIONS: GAS

UNIQUE FEATURES:

*Lightweight, Rugged Construction
Precision Depth Control Wheel
Quick Lift-Off and Quick-Set Lever
Front Carry Bar – Edger Available
Variety of Cutter Flails and Brushes
Vacuum Connection, Adjustable
Handle
Proven Durability
Performance up to 400 Sq.Ft/Hr; 80
M2/H*

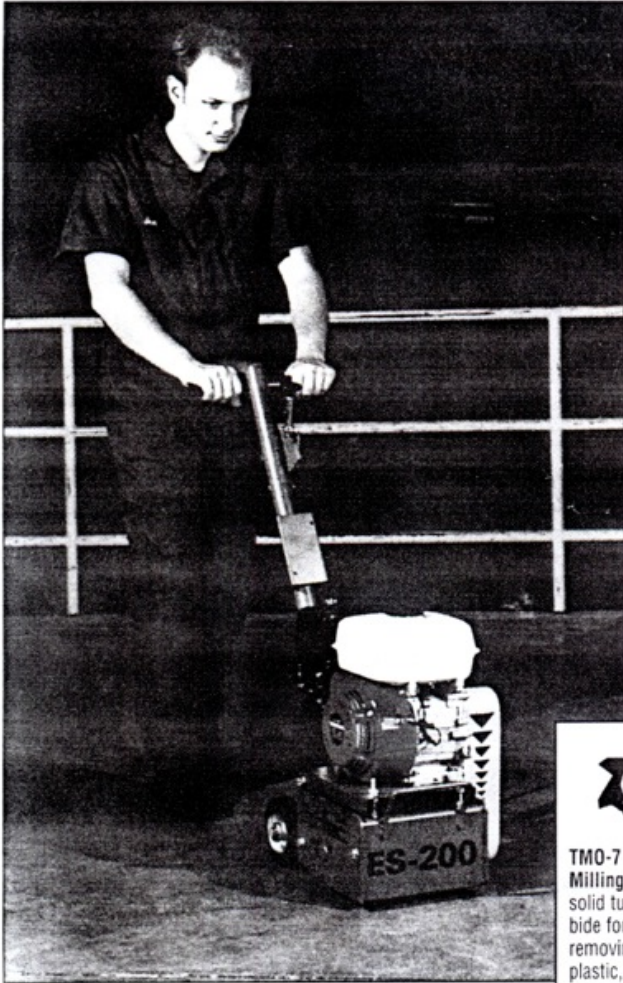

**AIRTEC – YOUR SPECIALIST IN
SURFACE TREATMENT AND
PREPARATION TOOLS &
EQUIPMENT**

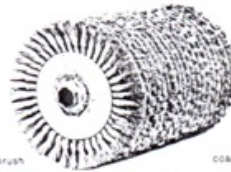

AIRTEC® ES-200

MULTI-PURPOSE SURFACE GRINDER

Derusting & Descaling: Ships decks
Cleaning: Factory floors
Roughening: Ramps, walks, loading docks
Preparing: Surfaces for new coatings
Grinding away: Asphalt, concrete bumps, uneven surfaces
Cutting: Anti-slip grooves on roads, dairies, and concrete surface
Removing: Traffic lines, old coatings, caked oil and grease, old carpet backing, asphalt tile or other build-up. Removing laitance, roof chippings. Removing rust, scale, mill scale
Prepare: Swimming pools, tennis courts

Wire brushes for special applications—sheet metal, floors

fine wire brush

coarse wire brush

TMO-7 Special Milling Cutters
solid tungsten carbide for stripping, removing thermo-plastic, Epoxy.

HMT-5.46 Cutters
Heavy-duty tungsten tips for roughening, grooving, anti-skid finish. 2X the life of HMT 5.4.

HMT-5.4 Cutters
Heavy-duty tungsten tips for roughening, grooving, anti-skid finish.

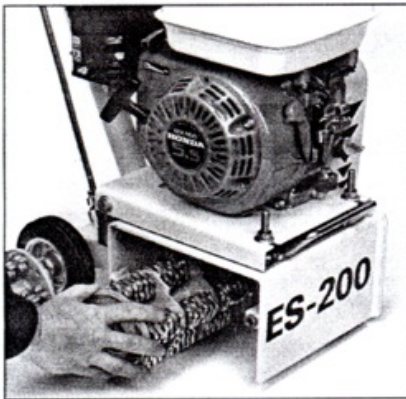

STR-4 Beam Cutters
for cleaning, derusting. No damage to substrate.

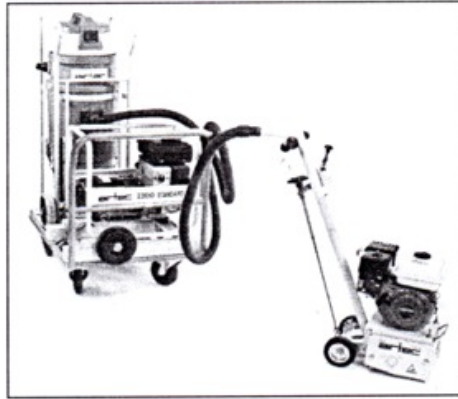

ET-4 Star Cutters
for removing paint, traffic lines, cleaning steel decks.

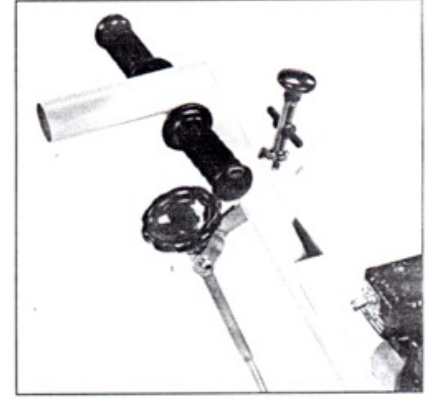

OPTIONS: WIRE AND NYLON BRUSHES – EDGER - ALLOWS PREP WORK CLOSE TO WALLS.

Quick changing of drums and cutters. No special skill required.

Built-in vacuum connection for dust-free operation.

Unique Micro Depth Control for fine tuning depth of cutters.

Specification*	ES-200-E	ES-200-G	ES-200-A
Power	Electric Motors: 3 HP, 3 Phase 2 HP, 1 Phase	Gasoline Engine (propane optional) Briggs & Stratton 5 HP — or HONDA	Air Motor 3.2 HP
Voltage	230/460 Volts, 115/230 Volts; 60 Hz	4 cycle unit uses ordinary gas	4 bar/60 psi.
Working width of drum	200 mm (8")	200 mm (8")	200 mm (8")
Total weight	59 kg (120 lbs)	56 kg (115 lbs)	56 kg (115 lbs)
Total height	920 mm (36")	920 mm (36")	920 mm (36")
Overall width	360 mm (14")	360 mm (14")	360 mm (14")
Overall length	890 mm (35")	890 mm (35")	890 mm (35")

SUPERFAST NEEDLE SCALERS

airtec[®]
YOUR CLEANING EXPERT

AIR-OPERATED

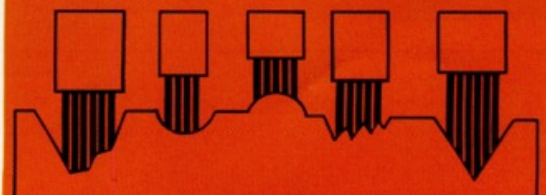

NEW . . . UP TO 50% MORE
CLEANING PRODUCTION THANKS TO
UNIQUE 2-SPEED FEATURE!

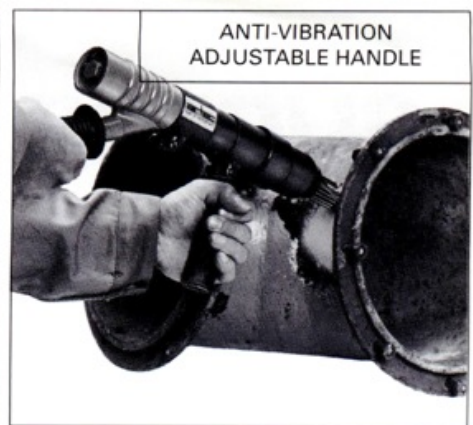

A broad range of sizes. Choose the best tool
and the right size needles for any job.

AIRTEC Needle Scalers give Faster, Better, More Efficient
Derusting, Descaling, Deburring, Cleaning, Paint-Stripping,
Roughening, Slag Removal and Stress Relieving after Welding,
Exposure of Concrete Aggregate and more...

airtec - NEEDLE SCALERS PERFORM ON ANY PROFILE

ANTI-VIBRATION
ADJUSTABLE HANDLE

Superfast chipping needles remove hard scale, rust and paint from hard-to-reach places. The high hitting rate and self-adjusting stroke of each hardened steel needle ensures complete coverage of the affected area. Hard encrustations and hidden pockets of corrosion, weld slag, are removed quickly, easily and thoroughly.

AIRTEC NEEDLE SCALERS are the ideal tools for surface preparation prior to applying paints and coatings. They are lightweight tools, versatile and easy to operate. There is no dust, no flying particles and no damage to the material. JUST PRESS THE LEVER AND AIRTEC NEEDLE SCALERS DO THE TIRESOME WORK FOR YOU:

Model Numbers	Description and field of applications	Technical specifications
AT-1-K SUPERFAST	 The very handy, lightweight Needle Scaler for light chipping, scaling and cleaning applications. Low air consumption. All critical parts made in special, hardened steel alloy.	weight 3 lbs air cons. 4 1/2 cu/ft air pressure 70-90 p.s.i. needles 29 fine No. 2 12 medium No. 3 7 coarse No. 4
AT-2-SK LIGHTWEIGHT	 The compact and very powerful Needle Scaler for a great variety of chipping and scaling applications in hard-to-reach areas: Compact, lightweight design for better working comfort.	weight 5 lbs air cons. 5 cu/ft air pressure 80-110 p.s.i. needles 51 fine No. 2 19 medium No. 3 12 coarse No. 4 7 extra coarse No. 6
AT-2-K HANDY	 The handiest scaler for many derusting and descaling jobs. Ideal also for weld slag removal, stress-relieving, paint stripping. Safety lever throttle. Precision built.	weight 5 1/2 lbs air cons. 5 cu/ft air pressure 80-110 p.s.i. needles 51 fine No. 2 19 medium No. 3 12 coarse No. 4 7 extra coarse No. 6
AT-3-K VERSATILE	 The most versatile tool for derusting, descaling, cleaning; deslags and stress-relieves in one action. Preparation of structural steel work before painting. AIRTEC Needle Scalers work just as well underwater without modification!	weight 7 1/2 lbs air cons. 6 cu/ft air pressure 80-110 p.s.i. needles 65 fine No. 2 28 medium No. 3 19 coarse No. 4 8 extra coarse No. 6
AT-4-K POWERFUL	 The powerful, heavy-duty tool for scari-fying, cleaning and roughening concrete, stones, brick work. Removing barnacles, hard scale and salt water corrosion.	weight 10 lbs air cons. 8 3/4 cu/ft air pressure 80-110 p.s.i. needles 111 fine No. 2 49 medium No. 3 35 coarse No. 4 13 extra coarse No. 6

Coarse and medium size needles, No. 4 and No. 3 are supplied standard with chisel tips. No. 2 fine needles are with flat tips. For use in flammable areas, needle and chisels made of Copper Beryllium are available. Also Stainless Steel needles to avoid contamination. AIRTEC NEEDLE SCALER KIT packed in handy plastic carrying case. All AIRTEC Needle Scalers may be converted readily to powerful utility chisel hammers or bush hammers. Specially designed for easy handling. You must see these tools in action – a technical advisory service is available to demonstrate the unique features and capabilities of the AIRTEC NEEDLE SCALERS.

EXTENDO-LONG REACH NEEDLE SCALERS AND CHIPPING HAMMERS
