

Aurand Surface Prep Tools

Aurand's mission is to provide the most reliable tools of the finest quality for surface preparation and rust removal. We strive to have absolute customer satisfaction.

Pneumatic Tools

Aurand manufactures two sizes of pneumatic powered tools for your specific purpose. The "K" series tool is a small lightweight tool suitable for handwork and our "M" series tool is a larger tool suitable for heavy duty or floor work.

See the chart below to determine which tool fits your particular application:

Model	Clearing Area	Power Supply	Horsepower	Weight (lbs)	Removal Rate (Sq. ft. per hour)
<u>KP5*</u>	5" Wide	42CFM/ 70-100 PSI	¾	6	50-75
<u>KP5E</u>	8" Wide	42CFM/ 70-100 PSI	¾	8	65-90
<u>MP6*</u>	8" Wide	42CFM/ 70-100 PSI	2.5	17	70-100
<u>MP6E*</u>	12" Wide	42CFM/ 70-100 PSI	2.5	23	100-150

*Denotes dust containment attachment available

Cutter Bundles

With our long-lasting user replaceable cutter bundles you can use our tools as a concrete grinder, scarifier, paint chipper and deck scaler while producing the highest output of your maintenance crews.

Wire Brushes

Aurand "M" Series tools can be fitted with a wire brushes for light scale and clean up applications.
